Community Profile

Lakewood Ranch
Medical Center®

From the CEO

It is my pleasure to welcome you to Lakewood Ranch Medical Center. Located in the heart of Lakewood Ranch, we are proud to offer major specialty services, including cardiovascular, orthopedics, neurosciences, robotic surgery, bariatric surgery, maternity services and much more.

For more than 20 years, our hospital has focused on providing an exceptional patient experience, which has resulted in recognitions and high rankings in quality, safety and patient satisfaction.

We have been nationally recognized, and our awards include America's Best Maternity Hospital List (2022-2024) from *Newsweek*, named a High Performing Hospital by *U.S. News & World Report* for Heart Attack, Knee Replacement and Hip Replacement. We have achieved Joint Commission Core Certifications for Hip Replacement, Knee Replacement and Sepsis.

As part of our ongoing commitment to providing advanced care to the growing communities we serve, we are undertaking an expansion project – the building of a new patient bed tower to be completed in early 2026.

The five-story tower will provide for increased patient capacity, will allow for the expansion of key ancillary departments, and will accommodate growth in inpatient medical/surgical, complex cardiology and higher acuity neurological services – all important to expanding access to high-quality care in this rapidly growing community.

Philip Reber

Interim CEO and COO
Lakewood Ranch Medical Center
